Alberta Amateur Athletics

First Meet an Unqualified Success—Strathcona Athletes' Performances the Feature

That the first annual meet of the Alberta Amateur Athletics Association, which was held on the exhibition grounds, Edmonton, was an unqualified success there can be no manner of doubt and the promoters and organizers can be heartily congratulated on the result of their labor. From first to last the meeting passed off without a hitch, the arrangements being excellent, the large crowd enthusiastic and the athletic standard creditable. No very striking times were done with the exception, perhaps, of McLean, 2 to 3 in the final of the 100, which considering the state of the track and the general conditions was very fast. It was stated that McLean beat the pistol, but situated as we were at the time, we could not judge. However, he seemed to win very easily, and it will take a flyer to take down his record. He also won the 220 yard dash, but under considerable disadvantage, as he was penalized at the start. Fitzgerald, as expected, won the five miles in the quite good average time of 25 minutes. He also won the mile but gave his time was slow, indeed, we clocked it 5 seconds slower than that time-keepers. He was, however, as he filed by a hundred yards, and probably had the pace been faster in the first half and Fitzgerald had had some one to bring him along in the second he would have done better time. He is an exceptionally game runner and taking into account the fact that his shortness of stride handicaps him, gets over the ground at a good pace. The most pleasing feature of the meeting, to our mind, was the excellent showing made by the juniors, and in this class Strathcona also carried off the lion's share. Newman, Cronin, Barber and Carmichael also showing good form, the latter named being an exceptionally promising athlete. In view of the fact that he will not be sixteen until the close of the season, his performances are very fine, and if he takes care of himself and does not overdo his training he will be making a first class athlete, and when Eric McLean steps down he will have the satisfaction of knowing that Strathcona still possesses the best of the west. All round it was a great day for Strathcona, and the University City should be proud of its athletes. We cannot do better than quote the tribute which the Edmonton Journal pays:

"The feature of the meet, however, was the signal success which greeted the Strathcona athletes. In fact, Strathcona made pretty nearly a clean sweep. It was McLean, of Strathcona, in the 100 and the 220. Purdy of Strathcona took the 100 yard dash, Norman McLean, of Strathcona took the shot put. Carmichael of Strathcona took the 400, step and jump, the kicking football, the running broad jump. Strathcona juniors swept nearly everything, taking first, second and third in the 50 yard and first and second in the hundred."

"On top of this Carmichael took the grand aggregate and McLean took the 100. It was Strathcona day at the track all right, alright."

DEATH OF COL. EVANS

Battle Creek, Mich., Aug. 24.—Col. T.B.D. Evans, commanding the 10th military district, with headquarters at Winnipeg, died here at 1:30 on Sunday from the after effects of aneurism. The colonel had been ailing for some time, and a short time ago left on three months' sick leave. He had a most distinguished career, joining the 43rd Duke of Cornwall's Rifles in Ottawa, many years ago. He served in 1885, medal and a star. Africa 1899-1900. Returning to Canada, he was selected for another command in the war, in 1902, medal and four clasps. Returning again he was appointed to Detroit, to where he since served with ability and distinction, having been instrumental in raising two regiments, infantry in western Ontario, four companies of horse cavalry in the prairie provinces, besides a battery at Lethbridge, and organizing the western infantry regiment and one of Evans and Rossland; also companies of army service and medical corps, signalling and intelligence departments. His efforts for efficiency brought him in close contact with all the corps until Col. Steele was appointed to district thirteen. Col. Evans was also commander of the 10th. Col. Steele acting district commander, will probably be confirmed in the post.

FOUNDERED.

Bergen, Norway, August 24.—The Norwegian steamer *Folga* from Bergen to Haugesund, on the west coast of Norway, was wrecked last night near Skovenevik and sank in three minutes. The steamer carried of seventy passengers and it is believed that 40 of them were drowned. Fifteen bodies have been recovered. The captain of the steamer is among those saved.

CRACKSMEN CAUGHT.

Winnipeg, Man., Aug. 24.—The city police have made the arrest of four men, Wm. Duffy, Pat Murphy, John McDonald and Robt. Scott, suspected of being concerned in a late explosion here lately. The two former men have records already, while the latter two are young men. There has been a regular epidemic crime day, as blowers apparently working all towns within easy reach of Winnipeg. The men arrested have been handed over to the provincial authorities.

The protests entered in the foregoing are all in the junior class and are all against Strathcona boys. The Edmonton youths considered the young athletes from across the river rather well developed to come under the age limit, and consequently entered protest.
Mr. J. W. Ward, of the Y.M.C.A., has the matter in hand, and will probably himself that the Strathcona boys come within the limit because the prices are lower.

ROWDY HARVESTERS IN STRATHCONA

On Sunday evening just as the churches were dispensing and Whyte Ave. was at its busiest the attention of passersby was attracted by a rough and tumble which was going on in the Golden Rule restaurant. A crowd of gaily gathered and the chief of police and Constable Sharkey were soon on the spot and arrested Thomas Vaughan, Lee Beaulieu and William McMillan. A fourth man, James Kennedy, slipped out but a warrant has been issued for his arrest. The altercation, it seems, has arisen over religion. Vaughan, Beaulieu and Kennedy being Catholics and McMillan a protestant. It is stated that the men opened with Kennedy striking McMillan and knocking him down and then Vaughan, Beaulieu and Kennedy piled on the prostrate man and severely maltreated him. The trouble was over a woman, as it is said by a wife, about the writ, but he refused to say how it occurred. In the police court on Monday morning before Robert Ritchie, J. P. Vaughan was fined \$10 and costs, Beaulieu \$5 and costs, and McMillan costs. The latter named presented a very tattered appearance. The men were all Ontario harvesters who had recently come west and have been working for a neighboring farmer. They were all under the influence of liquor. Several bottles of beer found in the restaurant were stated to be their property.

FIRE IN MINT.

Ottawa, Aug. 24.—A fire in basement of the royal mint caused some excitement Saturday night. Soft coal and cardboard piled in front of boiler became ignited, and owing to all the employees being away, the fire broke out. It is impossible for a time to enter the building. The security for Canada's coinage against robbery is kept in the fireproof vaults under the boiler. Little damage was done as the structure is built almost entirely of stone and steel.

There was a amusing scene outside the huge iron fence which surrounded the mint. The armed policeman at the gates, acting up to the stern orders given him, absolutely refused to open for the brigade. Chief Provost then ordered his leaders against the railing and the firemen climbed over it in true burglar fashion.

CANADA'S CHEESE AND BUTTER.

Ottawa, Ont., Aug. 24.—P. B. Sherman, Canadian Trade Commissioner at Manchester, reports that owing to the high price of Canadian cheese it is being neglected in the North of England this season; the home article being cheaper. Mr. McNamara adds that wholesalers and retailers have the impression that Canadian cheese is held up by import duty, and that they will not buy it until they can get it alone unless compelled to buy. On the other hand the report says there is no Canadian butter on the market, though there is room for it at present. Trade depression continues during July in Britain. For seven months ending July the imports decreased \$35,497,000, exports decreasing \$12,892,000. Trade analysts show that activity existed to all branches.

Canada Beats Australia

Burns Knocks Out Squires in Thirteenth Round After Great Fight.

Sydney, N. S. W., Aug. 21.—Tommy Burns, the champion heavyweight pugilist, again defeated Bill Squires, the Australian, here today, knocking him out in the thirteenth round of a last battle which was witnessed by 20,000 persons, among them hundreds of sailors from the American battleships now in the harbor. The betting was six to one against Squires when he entered the ring, pitched in the big stadium which had been erected at Rushcutters Bay for the fight, and faced Harry Nathan, the referee. He received an ovation from his countrymen as his appearance. Burns followed him into the ring and was received with cheers. When he removed his outer clothing and appeared in ring costume he appeared to be heavy and not closely trained. The sun beat down fiercely in the open ring, and Burns, wearing the towel, chose the northwest corner.

When time was called and the men came to the centre of the ring, they indulged in considerable feinting and quick footwork, both being rapid and accurate. Squires led the fight with out boxing, Burns coming back with a hard right to the body. Squires landed a right to the ribs as the men's heads swung to the left of the round.

Round 2—Squires landed on Burns' body, following a hard left to the body with another to the head. Burns retaliated with two hard blows to Squires' ribs. Squires drew first blood with a hard punch to Burns' nose and had decidedly the best of the round.

Round 3—Squires landed on Burns' body, following a hard left to the body with another to the head. Burns retaliated with two hard blows to Squires' ribs. Squires drew first blood with a hard punch to Burns' nose and had decidedly the best of the round.

TONIGHT MR. AMES SPEAKS

The Conservative Platform

As Enunciated at Halifax and Other Places by
Mr. R. L. Borden, Leader of His Majesty's Loyal Opposition in the House of Commons.

1. Honest appropriation and expenditure of public money for the public interest.
2. Appointment of public officials upon consideration of ability and personal character and not of party service alone.
3. More effective provisions to punish bribery and fraud at elections, to ensure thorough publicity as to expenditures by political organizations, to prevent the accumulation of campaign funds for corrupt purposes and to prohibit contributions thereto by corporations, contractors and promoters, to expedite hearing of election petitions and to prevent collusive arrangements, the withdrawal or compromise thereof, to provide for a thorough investigation to corrupt practices and if necessary to appoint an independent prosecuting officer to enforce the laws so amended.
4. A thorough and complete reformation of the laws relating to the Civil Service so that future appointments shall be made by an independent commission acting upon the report of examiners after competitive examination.
5. Such reform in the selecting of members of the Senate will make that chamber a more useful and representative body.
6. A more careful selection of the sources from which immigration shall be sought, a more rigid inspection of immigrants and the abolition of the bounty system except under very special circumstances and for the purpose of obtaining particularly desirable classes of immigrants.
7. The management and development of the public domain (in which are to be included great national iron mines) for the public benefit and under such conditions that a respectable proportion of the increment of value arising therefrom shall inure to the people.
8. The operation and management of our government railways by an independent commission free from partisan control or interference.
9. Development and improvement of our national waterways the equipment of national ports, the improvement of transportation facilities and subsequent reduction of freight rates between the place of production and market, whether at home or abroad and the establishment of a thorough system of cold storage.
10. The re-organization of the present railway commission as a public utilities commission with wider power and more extended jurisdiction, so as to establish thorough and effective control over all corporations owning or operating public utilities or invested with franchises of a national character.
11. The establishment after due investigation of a system of national telegraphs and telephones under conditions which shall be just to capital already invested in those enterprises.
12. The improvement of existing postal facilities, especially in newly developed portions of the country, and inauguration, after proper inquiry as to cost, of a system of free rural mail.
13. A fiscal policy which will promote the production within Canada of all useful articles that can be advantageously manufactured from or by means of natural resources, having due regard to the interests of the consumer as well as to the just claims of our wage-earning population.
14. The promotion by negotiation and other constitutional means of a system of mutual preferential trade within the Empire.
15. The restoration of the public lands to the Provinces of Alberta and Saskatchewan upon fair terms.
6. The unimpaired maintenance of all powers of self-government which have been conferred upon the Provinces of a under the constitution.

GRAHAM—On the 20th inst., F. J. Graham, aged 63.

PALMER—On the 22nd inst., Christian Dorothy May, aged 2 years and 6 months, daughter of Mr. and Mrs. R. H. Palmer.

The Regina Standard in dealing with the campaigners on the Grit side during the Saskatchewan election says:

There were dozens of men in each district, not speaking from platforms, but making personal canvass and doing personal campaign work. Take the district of North Qu'Appelle for instance, and see who they had. Here are some of the "workers" who assisted Mr. Motherwell in his campaign:

Nichols, the homestead inspector.
F. Kennedy, homestead inspector.
Abramson, from the Immigration.
J. J. Smith, from Regina.
M. Seymour, from Regina.
Senator Roy, from Edmonton.
Bender, from Brandon.
Depuis, from Edmonton.
Mosky, from Winnipeg.
Glassman, from Winnipeg.
Horace Chevier, St. Boniface.
"Bob" Emis, from Dauphin.
"Doc" Robertson, from Manitoba.

These are a few—13 in one district—of the men who engaged in the campaign in the district of North Qu'Appelle. Other districts were equally well provided and on this proportion were over 500 outside "workers" in the provincial fight on behalf of the Liberals. It would be the height of foolishness to believe that all these men were bent upon missions of the most legitimate kind. One of them gave himself away when he admitted that he had switched ballots in an election down in Manitoba and that he was there to buy votes. If this much is admitted how much more must there have been which is not admitted?

The public will note the names of the two homestead inspectors. Mr. Oliver had given a written assurance that if any one of the outside officials of the Department of the Interior were shown to have interfered in politics he would be immediately dismissed. Does anyone imagine Mr. Oliver will keep his word? Is there a person in the west glib enough to imagine that because Philip Wagner went to Saskatchewan electioneering he will be dismissed? No. Everyone realizes that Mr. Oliver will not keep his word. These officials know too much of the crooked work that has been done and the party leaders dare not open their mouths. Besides, what is Mr. Oliver's word anyway on matters political. The man who denied John Howie, who declared his ignorance of Wagner's career is scarcely likely to be scrupulous about a promise, even if it did bear his signature.

It would be the height of foolishness to believe that all these men were bent upon missions of the most legitimate kind. One of them gave himself away when he admitted that he had switched ballots in an election down in Manitoba and that he was there to buy votes. If this much is admitted how much more must there have been which is not admitted?

F. J. Graham, of Ellerslie, who died on Thursday, aged 63, was interred on Saturday last.

We regret to announce the death of Mr. and Mrs. R. H. Palmer's only child Christabel Dorothy May, aged 2 years and 6 months. The funeral took place yesterday at 4 o'clock.

"Let Laurier finish his work," is the election cry of the Montreal Herald. The Herald has drawn from the Public Treasury so far no less a sum than \$217,980. How much more is needed before the work is "finished"?

Ottawa Liberals who have nominated A. W. Fraser to Parliament are to be asked to change over to Stinson. Why not elect the Imperial Pulp Co. to represent the capital?

Everyone wanting the new telephone system installed should either come at once or call on Mr. E. Martin, Telephone Agent, over Cowles' Drug Store. Mr. Martin will be pleased to receive any applications.

To-morrow evening at the Strathcona opera house, Harold Nelson and his excellent company will present "The Merchant of Venice." Mr. Nelson's ability in this class of plays is too well known to need comment. For years he has been recognized as Canada's greatest classic and romantic actor. He will bring the entire production of "The Merchant of Venice" which was built for the play in Edmonton. Seats on sale at Ducrest's drug store.

The footprints of Dyspepsia have been directly traced to the Stomach nerve. Whence these "inside nerves" fall, indigestion and stomach distress must surely result. For this, druggists everywhere are supplying a prescription known as Dr. Shoop's Restorative. First, these tiny inside, Stomach, Heart, and Kidney nerves fail. Then gas holding, Heart palpitation, or failing Kidneys follow. Don't drug the Stomach, or stimulate the Heart or Kidneys. That is wrong. Strengthen these failing nerves not the organs that are calling for help. Within 48 hours after starting the Restorative treatment, you will realize the gain. A rest will tell. Sold by All Dealers.

Weak Kidneys

Weak Kidneys, rarely point to weak labor. Nervous. The Kidneys, like the Heart, and the Stomach, feel their weakness first in the organs built, but in the nerves that control and guide and they gather them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone is to fail. It is a waste of time, and too costly as well. If your back aches or is weak, if the urine is scant, or is dark and strong, if you have eruptions of Brufas or other distressing or dangerous kidney diseases, try Dr. Shoop's Restorative a medicine that is a waste of time, and too costly as well for you. Druggists recommend and sell.
